

Ceremony of Proxy Magic

Creating the Ceremonial Space With Its Two Surrounding Rings

The Two Surrounding Rings

- First, create the inner surrounding ring consisting of the eight *Wheels of Manifestation* around the area where you will be lying in ceremony. (Seer's Note: always create ceremonial rings in a clockwise manner.)
- Around this inner ring, create the outer ring consisting of the nine *Wheels of Pure Intention*. Make sure your rings are large enough to create a space in which you can lie comfortably.
- The rings start at "12 o'clock" which is above your head when laying down and straight ahead when seated.
- At the end of the ceremony, dismantle the rings in counter-clockwise fashion.

Powerstack (Navel)

Next create the powerstack in the area that will be directly beneath your back (behind the navel) when lying in your ceremonial space.

- First, at the bottom: *Powersigil of the Nine Directions*
- Next: *Powersigil to Empower the Magnetic Aspects of Life on Earth*
- *Powersigil for the Integration of Self-Pity and Self-Importance*
- *Equation of the Nine Directions*
- On top: *Powerwheel to Reestablish the Dignity of Man*

Powerstack (Feet)

Next create the footstack powerstack, placed just below the area where your feet will be when you lie in ceremony:

- First, at the bottom: *Powersigil for the Transfiguration Into Incorruptible Holy Matter*
- Second, on the top of that: *Becoming a Master of Proxy Magic Through Integrating All Nine Directions*
- Next: *For the Integration of the 8th and the 9th Direction*

- *Living From the Integrated 5th and 6th Directions*
- Finally, on top: *Living With an Awareness of the 7th Direction*

How to Perform the Ceremony

You are now ready to lie comfortably in your ceremonial space and do your pre-ceremony meditation.

Play the *Arasatma* background music and with deep breaths blow out all tension from your body.

As each of the five footstack powersigils' titles are read, imagine that powersigil enter at the soles of your feet, move up through your body and out through the crown of your head.

Remain in a meditative state and listen as the following affirmations are read twice:

- "I effortlessly manifest my intentions that are in accordance with Divine Will"
- "I change the world by changing myself"
- "I am an incorruptible self-rejuvenating miracle"

As these affirmations are slowly repeated for a second time, speak the words out loud as you follow along; feeling the meaning and the power contained in each of these affirmations.

Next, return to your meditative state and relax into the music being played. Imagine the inner ring of eight Wheels of Manifestation start to spin counter clockwise faster and faster while you silently repeat the words

"Salubanus-vesti-Arunos"

"I am invisible to disruptive intent"

Now while the counter-clockwise ring still keeps spinning faster and faster, imagine the outer ring of nine Wheels of Pure Intent start to spin clockwise faster and faster as well, while you silently repeat the words:

"Etrenus-sivelesvi-arakparanus"

"Let corruption be revealed and justice be restored"

Then as both rings spin faster than the speed of light, command the following:

“In self-sovereignty I stand undaunted and incorruptible; untouched by ill intent of the past and present. I am a light bearer for the Earth and an emissary of the Infinite One. In me the directions that govern space and time have become one, and I have become a wielder of the magic of the gods; a master of proxy magic and miracles.”
